STUDIOS

A W A R D S

Created to reflect the values central to your company mission, our beautiful hand-blown glass awards are made from the finest materials by Michigan master craftspeople and artists.

We work with you to design and create a truly unique and special glass award to mark any occasion. From top sales performers, best supporting vendors, or employee anniversaries, our custom handmade awards will be well received and proudly displayed by the recipient.

We work with you to create the solution that fits your vision and your budget. We can manage the process from design to delivery with our in-house shipping specialists. We also work with you and your suppliers to create integrated products. Creativity is our specialty in combination with open communication, timely delivery, and cost sensitivity.

770 Orchard Lake Road
