

April Wagner

## S C U L P T U R E

April Wagner has been creating large scale sculpture for over 20 years. Featured in numerous corporate, public, and private collections worldwide her work defines the space that it lives in. Each piece is site specific and tailored to match the needs of the end viewer who is as unique to each space as the artwork.

770 Orchard Lake Road  
Pontiac, MI 48341

Working closely with clients to understand their needs and goals, April can incorporate essential details into the design of the sculpture to accentuate the clients message while not detracting from the art. Whether through shape, color, position in the space or scale, April's sculptures will make your environment stand out in a powerful, thoughtful manner. She has made pieces for lobbies, atriums, boardrooms, conference rooms, and employee areas from executive suites to lunch rooms.
